New DISTO™ products

PART OF HEXAGON

- when it has to be right

Leica Geosystems

The new Leica DISTO™ Plan App
Introduction

What is DISTO Plan?

✓ App to complement DISTO hardware

✓ Supports advanced measurement functions

✓ Allows data management

✓ Exports in JPG, PDF and CAD formats

- when it has to be **right**

The new Leica DISTO™ Plan App
Compatibility

✓ Supports all DISTO™ devices with Bluetooth® Smart functionality and DISTO™ S910 via WiFi™

✓ Compatible with Android 6, 7 and 8

✓ Compatible with iOS 10 and 11

Leica Geosystems

Sketch on Photo
Function overview

Sketch on Photo
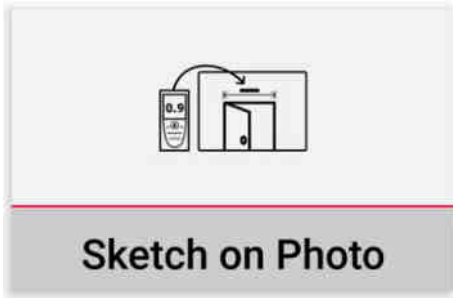

✓ Sketch lines and areas onto a picture

✓ Measure with DISTO and add measurement to the sketch

✓ Export in JPG or PDF format for easy sharing

✓ Compatible with every DISTO supporting Bluetooth connectivity

- when it has to be **right**

Leica Geosystems

Sketch Plan
Function overview

Sketch Plan

✓ Draw lines and areas by tapping or swiping

✓ Add DISTO measurements and the sketch is automatically auto-scaled

✓ Add wall openings, doors and windows

✓ Navigate your sketch in 3D

✓ Export in JPG or PDF format for easy sharing

✓ Compatible with every DISTO supporting Bluetooth connectivity

- when it has to be **right**

Smart Room
Function overview

Smart Room

✓ Supported by the new DISTO X3/X4

✓ Automatically creates scaled floorplans by measuring distances
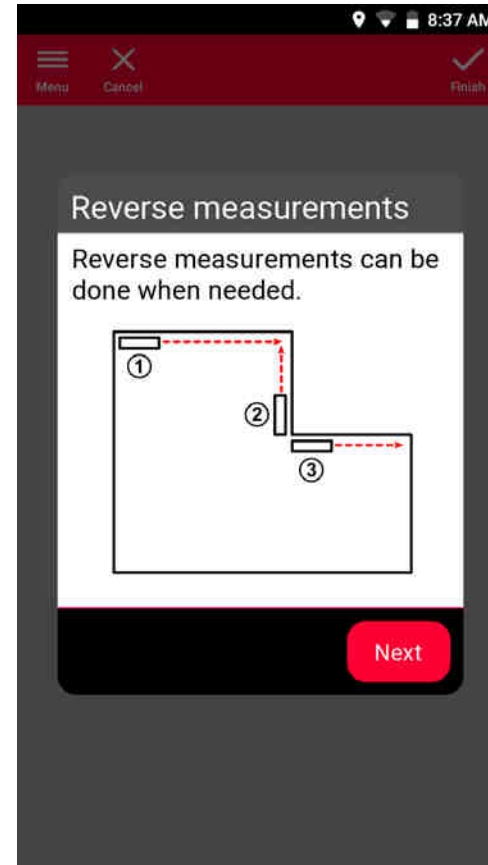

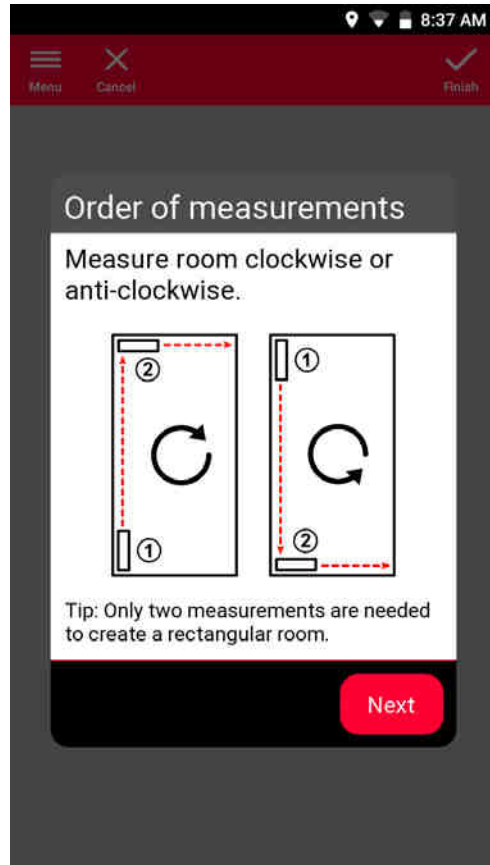

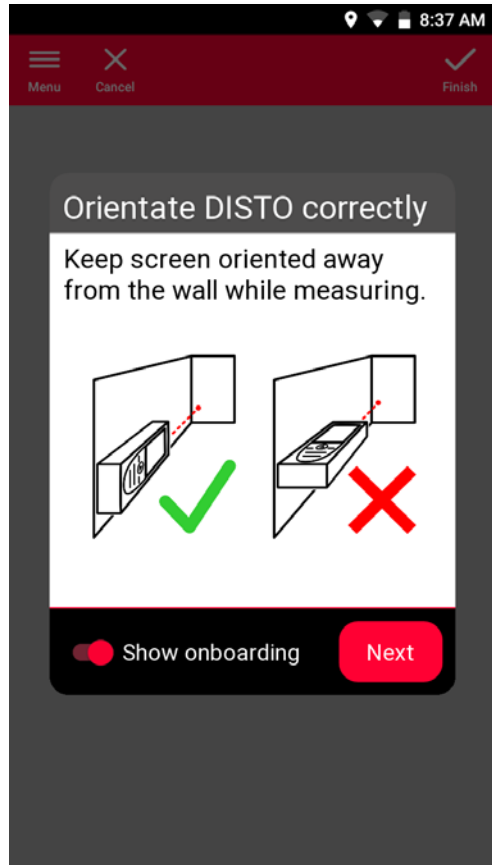

✓ Assigns room height to the floorplan to transform it into a 3D model

✓ Export in JPG, PDF and 2D and 3D DWG/DXF format

- when it has to be **right**

Leica Geosystems

Measure Plan
Function overview

Measure Plan

✓ Point-to-Point technology for measuring irregular and big shapes

✓ Calculate hidden corners with the intersect function

✓ Export in JPG, PDF and 2D/3D/Raw CAD format

✓ Compatible with DISTO S910 and DISTO X3/X4 on DST 360

Plan projection
Measured points are projected onto the floor plane.

Show onboarding — Next

Intersect lines
Calculate corners that cannot be measured with intersect.

Let's go
